

Tri-City Volunteers

Helping to make your generosity count!

Our Great TCV Staff!

When we think of Tri-City Volunteers we normally think of all the dedicated and generous volunteers who make donations and finance our organization. And these volunteers are a big help and part of our organization to be sure.

But without our wonderful dedicated staff of employees and board members we couldn't offer a fraction of the services our donors and clients expect us to provide. These dedicated and professional employees deserve our thanks and gratitude for a job well done. Throughout the year they are cheerfully there for our clients helping and supporting the more than 6,000 needy families in the Tri-City area. They operate the Thrift Store, they organize and hand out food bags, receive and pick up donations, write grant proposals, keep track of and thank the many donors, supply toys for the children at Christmas, maintain the finances and facilities. The list goes on and on.

So here's a big salute to our dedicated staff who make sure your donations are spent wisely and effectively to help those in need in our community. Three cheers for them. From left to right:
